

The Ritz Carlton Spa

Escape to The Ritz-Carlton Spa, Orlando, Grande Lakes, a luxurious spa where the soul is nourished, the spirit is revived, the body is transformed and the path to a more satisfying sense of well-being awaits. Few luxury spas in Orlando can claim treatments as homegrown as those our spa creates from the herbs grown in the resort's organic garden, from the honey produced by our resident bees, or the citrus fruit plucked from local orchards. Revel in nature's beauty while enjoying our signature service – a “zero gravity” massage performed as you sway gently in a rocking hammock, delivering you into true tranquility.
