

About Event

The International Society of Limb Salvage (ISOLS) and the Musculoskeletal Tumor Society (MSTS) are excited to hold a combined meeting of their organizations. The ISOLS/MSTS will be held October 6-10, 2015 in Orlando, Florida!

This meeting will provide an outstanding venue to present research and discoveries, interact with leaders in the field of orthopedic oncology, to network and to exchange ideas.

The facility hosting the meeting is a state of the art convention center situated between two spectacular hotel properties in beautiful Orlando. October is typically a great time of year to visit Florida. Social, entertainment, recreation, shopping and relaxation opportunities will be plentiful. This site is very conducive to bringing families and very convenient for travel from throughout the world.
